IMPRIMATUR :

† **L.-N., Arch. de Québec.**

Enregistré par ERNEST GAGNON conformément à l'acte du Parlement du Canada concernant la propriété littéraire et artistique.

Les soussignés ont acquis la propriété du présent ouvrage. — A.-J. BOUCHER.

PRÉFACE

Ce n'est pas sans hésitation que j'ai entrepris l'ouvrage que je présente aujourd'hui au public, avec l'autorisation de Sa Grandeur Monseigneur l'Archevêque de Québec. Si je n'avais pas très souvent entendu le chant liturgique affreusement maltraité par des accompagnateurs n'ayant aucune notion de l'harmonie, je n'aurais jamais songé à reprendre l'œuvre accomplie par d'autres, à ajouter un volume aux ouvrages de même nature qui sont déjà entre les mains des organistes, mais dont on se refuse généralement à faire usage.

Le travail que je viens de terminer n'est pas fait cependant pour contenter tout le monde. On jugera, en certains endroits, qu'il est trop grégorien ; ailleurs, qu'il l'est trop peu.

Je ne blâmerai pas cette dernière appréciation, mais je veux exposer ici le motif des concessions auxquelles j'ai cru devoir consentir.

Un fait indéniable, c'est que nos organistes ne veulent pas, pour la plupart, s'en tenir aux seules notes de l'échelle diatonique, aux seuls accords parfaits avec premier renversement dans l'accompagnement du plain-chant. On se sert bien de l'estimable ouvrage de M. l'abbé Lagacé, par exemple, mais seulement pour lire la mélodie, que l'on trouve toute transcrite en notation moderne, et non pour suivre l'accompagnement, que chacun fait à sa manière, le plus souvent en accumulant les fausses relations et en enfreignant les règles les plus élémentaires de l'harmonie.

Puisque l'on veut absolument du genre chromatique et de l'harmonie dissonante dans l'accompagnement du plain-chant, j'ai pensé qu'il était permis de céder un peu devant cette détermination persistante, afin d'obtenir, au moins, que, dans cet accompagnement, les règles qui régissent la composition et la succession des accords soient toujours respectées.

Tout d'abord j'ai cru qu'il fallait faire une distinction, au point de vue de l'accompagnement, entre l'antique chant grégorien strict, qui se rattache à la réforme de la fin du sixième siècle, et ce que les théoriciens appellent plain-chant musical, pièces du dix-septième siècle où les modes de la tonalité moderne sont manifestement accusés. Puis, en examinant les choses de plus près, je me suis convaincu que certains chants, appartenant à une période intermédiaire, étaient susceptibles de recevoir une harmonisation spéciale, tenant de la tonalité ancienne et de la tonalité moderne.

Comme il s'agit d'appliquer rétroactivement l'harmonie aux chants de la mélopée grégorienne, il importe de se rendre compte de ce qu'étaient ces chants aux principales époques de l'histoire de la musique, et jusqu'à quel point ils ont gardé leur caractère primitif. Cet examen conduit nécessairement à des conclusions pratiques.

Il n'est pas nécessaire d'être très versé dans l'histoire de l'art musical pour comprendre que l'on n'a pas dû passer d'un seul bond d'une tonalité à l'autre, sans aucune transition.

M. l'abbé Camille Roy, de l'Université Laval, a signalé — à propos de littérature — ce qu'il y a de conventionnel dans ces divisions catégoriques, absolues, que des historiens établissent quelquefois entre certaines périodes de la vie des peuples. "L'humanité, dit-il, évolue sans cesse par des transformations qui ne sont ni si brusques, ni si radicales. Et c'est pourquoi il ne peut vraiment exister ce fossé sans fond, dont aucun pont ne relierait les bords, que l'on a voulu creuser ou imaginer entre la Renaissance et le moyen âge".

Ce qui est vrai pour la littérature l'est également pour l'art musical et les autres arts. Gounod, dans plusieurs de ses œuvres, et notamment dans son oratorio de la *Rédemption*, s'est inspiré des procédés de l'époque intermédiaire à laquelle je viens de faire allusion, et a su unir les deux tonalités — grégorienne et moderne — avec un rare bonheur, de même que, dans son *Château Frontenac*, M. Bruce Price a su fondre en un tout harmonieux les traits particuliers de l'art architectonique du moyen âge et de celui de la Renaissance.

J'ai, dans ce travail, traité les mélodies se rattachant à la période la plus ancienne de nos chants liturgiques avec une harmonie presque exclusivement diatonique et consonnante ; j'ai traité les chants qui m'ont paru appartenir à la période intermédiaire en empruntant à la tonalité moderne les traits particuliers du ton qui, dans chaque cas, se rapproche davantage du mode initial grégorien, les accords dissonants n'apparaissant encore ici que dans une proportion fort restreinte ; enfin, j'ai traité le plain-chant musical avec les ressources de l'échelle chromatique et de l'harmonie moderne, mais sans ouvrir la porte à toutes les modulations, ce qui eût fait perdre à la mélodie le calme majestueux et la solennelle grandeur qui la caractérisent. *

* On remarquera que j'ai presque toujours armé les clefs sans tenir compte de la "modalité" grégorienne. Il arrive souvent que, dans certains chants, un mode antique se confond presque avec un mode musical ayant avec lui d'évidentes affinités. En armant les clefs de la manière qui se rapproche davantage de la musique moderne, dans ces pièces à allure mixte et même dans d'autres pièces, j'ai eu pour but de ne pas désorienter les exécutants peu versés dans les principes de la tonalité ancienne.

Pour éviter les surcharges, je n'ai indiqué ni le degré de sonorité des pièces, ou de leurs divers passages, ni le doublement des notes fondamentales au pédalier, laissant ainsi une marge suffisante à l'initiative des organistes.

J'ai indiqué les *longues*, les *communes* et les *brèves* du plain-chant par des *rondes*, des *blanches* et des *noires*. Il faudra bien se garder cependant de donner à chacune de ces "valeurs de notes" une durée précise, comme dans la musique proprement dite. Le rythme du plain-chant n'est pas mesuré : ainsi que l'a dit un auteur, c'est un rythme "qui se devine plutôt qu'il ne s'apprend". On arrivera à de bons résultats en ayant soin de toujours se bien pénétrer du sens des textes liturgiques que l'on doit accompagner.

Voilà les grandes lignes dans lesquelles j'ai voulu me renfermer. De quelle manière ai-je évolué dans ces limites ? C'est ce qu'il m'est impossible de dire avec précision, parce qu'ici je n'ai eu à suivre ou plutôt à m'efforcer de suivre aucune loi autre que cette loi non écrite, cet instinct inné, ce "sentiment exquis des convenances" qu'on appelle le goût.

On me fera observer que le goût n'est pas le partage de tout le monde ; qu'il peut être sûr ou douteux ; qu'il peut être éclairé ou faussé par l'éducation. A cela je n'ai rien à répondre, si ce n'est que je m'incline par avance devant l'opinion des autres dans l'appréciation de mon travail. Cette appréciation appartient, en définitive, au public, qui, lui, saura bien me faire mon procès "de toute autorité".

L'ouvrage que je viens de terminer a pour but d'aider les organistes non suffisamment préparés à donner au chant grégorien une harmonisation convenable. Mais il faut que ces organistes suivent cette harmonisation à la lettre Ce que je redoute, de la part de quelques-uns, c'est qu'ils se contentent de lire la mélodie, et s'aventurent à y ajouter cette affreuse harmonisation de leur cru qui change les heures pieuses des offices religieux en heures de souffrance, d'irritation, j'allais dire de scandale

Ce travail est comme une digue que je veux établir pour arrêter le flot envahissant du mauvais goût et de la moderne barbarie. Il représente, dans ma pensée, le maximum des concessions permises. Puisse-t-il contribuer à la bonne exécution du chant liturgique en ce pays ! Et si, plus tard, les organistes pour qui il a été fait deviennent disposés à accepter des concessions moindres que celles auxquelles j'ai cru devoir me prêter, je désire qu'il ne soit plus considéré que comme une œuvre de transition, un simple degré permettant d'atteindre à un niveau plus élevé.

ERNEST GAGNON,

Ancien organiste de la cathédrale de Québec.

Québec, 8 décembre 1903.
